Dear Mr. Boler:

Based on Test/Evaluation number FF-L-2740B/X-10-2012-0003-Kaba Mas, the Kaba Mas electromechanical combination lock submitted for GSA approval against Federal Specification FF-L-2740B has been determined to meet the specification requirements. The following table will be added to the next revision of the Qualified Products List.

GOVERNMENT DESIGNATION	MANUFACTURER'S DESIGNATION "BRAND NAME"	TEST OR QUALIFICATION REFERENCE NUMBER	MANUFACTURER'S NAME (See SUPPLEMENT for addresses and plants not listed here)
Class K Combination Lock	X-10	FF-L-2740B/X-10- 2012-0003-Kaba Mas	Kaba-Mas Corporation 749 W. Short Street Lexington, KY 40508 PLANT: Appalachian Regional Manufacturing, Inc. 1101 Lakeside Dr. Jackson, KY 41339

The listing applies only to products identical to the products qualified. GSA must be advised of any changes to the product. Failure to notify GSA of a change to the lock is cause for removal from the QPL.

Periodically, GSA may require qualified manufacturers to submit a sample of the current product to ensure continued compliance with the specification requirements and qualification provisions. Failure to comply will be sufficient cause for removal from the QPL.

If you have any questions, please contact me at (703) 605-9256.

Sincerely,

Christopher Pollock
